

A GOOD WATER-CLOSET FOR FIFTEEN SHILLINGS,

PACKED AND SENT FREE TO ANY PART OF ENGLAND.

Twenty years since every first class room contained a Water Closet, their COMPLICATION, CUMBERSOME, and LIABILITY to get OUT OF REPAIR, prevented their being extensively used. As now things are so different, have upon trial, often caused disappointment, the Patents of the above Closet, which is necessary to state, that he has the WATERY TRAP, been practically arranged as a PATENT, and for the last seven years has made a his study to simplify and reduce the cost of all articles for sanitary purposes, having invented and obtained Letters Patent for FIFTEEN DIFFERENT ARTICLES, all of which are now extensively used, and references can be given to the most eminent works in England.

THE BATHING WATER CLOSET has all the ADVANTAGES of a Pan or Valve Closet, without any of their DISADVANTAGES. The basin is of cast-iron, and is so made that it CANNOT BE BURNED. IT HAS A WATER-SURFACE OF 12 INCHES DIAMETER, 18 INCHES IN DEPTH. An imperious substance throws into the basin can be made to be removed and easily replaced. The escape from the basin is 24 inches diameter, and is so made that the outlet, rendering stoppage impossible. In action the water flows round on one side, and meeting in the front, carries everything from the basin and trap. They are made of an imperishable material, displace NO IMPURE AIR. In construction they are so simple, and their advantages so apparent, that all who have seen them in the presence of the most CHIEFEST and MOST SIMPLE Water-closets ever invented. SIX of these Closets were tested at Guy's

Hospital, and the result was, that THIRTY-THREE were ordered to be used. The Architects employed by the City of London, Sir John Lubbock, has also ordered five Bathrooms to be used, and between SEVENTY and EIGHTY are now in use for the same purpose. Numerous references can be given to persons who have adopted these Closets in their houses.

The following are the Prices of the various Qualities:—
Brown Stone Ware Basin and Trap, glazed white inside .. 15s. each.
White Stone Ware Basin and Trap .. 15s. each.
Enamelled Basin and Water Basin and Trap .. 25s. 6d. each.
Enamelled, with gl. Outside .. 30s. each.
From 10s. to 25s. each.
Prices of Jennings' self-cleaning Steel Cocks and Valves, for supplying the above Closets:—
1 inch .. 1s. 6d.
1 1/2 inch .. 2s. 6d.

In connection with the foregoing Closets, George Jennings has patented an entirely new method of REGULATING THE SUPPLY OF WATER TO WATER-CLOSETS. This Regulator is an Apparatus admits of the Closet being self-acting or otherwise. It is most simple, and economical in its construction.

JENNINGS'S INDIA-RUBBER TUBE WATER-CLOSETS.

The Patents of the above almost will continue to manufacture and sell them as usual for all first-rate houses.

JENNINGS'S INDIA-RUBBER TUBE COCKS FOR ALL PURPOSES

Experiments to give the greatest efficiency. Experience has enabled the Patentee to make this simple invention most perfect under the greatest pressure. The Ball Cocks fill a vacuum in half the usual time, and never get out from corrosion.

JENNINGS'S SHOP-SHUTTER SHOE

Cocks half the price of the unsightly shutter-bar. In New Oxford-street Eighty Fourths are sold and secured by the invention, and they are to be found in every thoroughfare.

For further particulars apply to

GEORGE JENNINGS, GENERAL BRASS-FOUNDER AND ENGINEER,
20, GREAT CHARLOTTE-STREET, BLACKFRIARS-ROAD, LONDON.

NEW AND IMPROVED CLOSET PANS.

STEPHEN GREEN AND CO.

IMPERIAL POTTERIES, LAMBETH.

These Pans will be found to combine all the latest improvements, with the advantages of having a larger water surface than any other kind of closet Pan, by which arrangement the sides are kept perfectly clean. The trap is not larger than usual, and has its smallest diameter at the bottom of the Pan, increasing to the end so that anything passing the neck cannot possibly stop or clog the drain.

Manufactured in superior double-glazed Stoneware white and smooth inside, at the SAME PRICE AS THE COMMON PAN.

With Patent Valve, lead extra.
MANUFACTURERS OF THE PATENT STYLOS FLESHING-BASIN, AND IMPROVED DRAIN PIPES.

COTTAM AND HALLEN, 2, WINSLEY-STREET, OXFORD-STREET, AND CORNWALL-ROAD, LAMBETH.

CLOSET PANS IN
CAST-IRON.

From 7s. each.

These Pans cannot be broken by accidents attempting to clean them when shipped up, as is occasionally the case with those made in other ways; they are not liable to be choked, and with the Silver Trap are perfect in preventing the smell.

Can be had PLAIN, GALT-STEEL, or ENAMELLED.

A variety of Patterns.

TO IRONMONGERS, BUILDERS, AND THE TRADE IN GENERAL.

LOW PRICE OF CASTINGS.
